

The Italian made COSMO Mixer 80 is a 3-point linkage chain driven mixer designed for farm and home use. This premium attachment can mix concrete and transport it to hard to reach places, enable farmers to mix fodder or feed for animals and bulk wash fruit and vegetables.

The wide mouthed hopper is formed from two rolled cones from 3mm sheet steel. Rolling the cones makes the hopper stronger as there are no welds or forming issues. This strength allows the 320ltr hopper to mix at maximum capacity (195ltr / 0.2m³ / 7 ft³) easily. A double-acting hydraulic cylinder (18" x 2" ram) is used to raise and empty the hopper.

Painted in COSMO's state-of-the-art, automated paint factory in Italy, the high-quality finish will last for many years.

3-Point linkage

Category 1, bolt-on lower linkage pins with multiple fixing points. Raising or lowering the pin height changes the geometry on the implement in relation to the tractor. This feature ensures the hopper can be filled to the maximum working capacity and completely emptied.

Code	CM80-320
Size reference	80 - 320ltr
Transmission	Chain drive (10:1 reduction ratio) 540rpm
Capacity	195ltr / 0.2m ³ / 7ft ³
Tipping mechanism	Hydraulic (18" x 2" ram)
Dimensions	
Width (mm)	860
Depth (mm)	930
Height (mm)	950
Tractor range (hp)	35+ 29+ @ PTO
Weight (kg)	100
